Fairies and Gnomes Party (ages 5-7)

- When the children arrive at the woods they will spend some time breaking the ice and learning about the woods.
- They will then hear about the evil Pixie Edna who has destroyed the Fairy and Gnome village and scared the Fairies and Gnomes into the undergrowth.
- The children will repair the Fairy and Gnome houses and doors before building their own Fairy houses to sit in and keep watch for the Fairies and Gnomes flying back home.
- After a break for lunch and birthday cake the children will then work together to build a small fire for the Fairies and Gnomes and gather as many burning resources for them to use to keep evil Pixie Edna away.
- The children will then fly over to the main campfire to eat the popcorn left to them as a reward for saving their village from the Fairies and Gnomes, before embarking on their journey back home.
